L'Ambassade de l'Inde à Tunis présente ses compliments au Ministère des Affaires Etrangères, de la Migration et des Tunisiens à l'Etranger de la République Tunisienne et a l'honneur de l'informer que the National Institute of Agricultural Extension Management (MANAGE), Hyderabad, Inde, organisera une formation en " New Generation Competencies for Agricultural Extension Research Scholars", du 22.10.2025 au 04.11.2025 dans le cadre du programme ITEC pour la session académique 2025-26.

Le Gouvernement Indien prend en charge les frais de la formation pour les candidats sélectionnés. Ils doivent être âgés de 25 à 45 ans et avoir une connaissance pratique de l'Anglais pour pouvoir suivre le cours et satisfaire aux critères d'éligibilité/ à la qualification pour le cours demandé et physiquement apte à suivre la formation. Les détails du cours de formation et les critères d'éligibilité sont joints pour votre référence.

Conformément à la procédure, les candidats nommés sont tenus de télécharger les candidatures au programme de formation ITEC directement sur le portail en ligne :
https://itecgoi.in/courses_listinst?salt6=BMkNkh/nZjHuD56DJ7xzfA==&salt9=AHJcXpxLHzm/APTdvyhEgw==

Par la suite, ils doivent imprimer le formulaire rempli, le faire attester par les autorités compétentes et le soumettre à l'Ambassade, accompagné de tous les documents requis à l'appui de leurs qualifications professionnelles/éducatives et d'une dernière photo et copie du passeport (valable 6 mois à compter de la date de début du cours).

L'Ambassade de l'Inde demande au très estimé Ministère de transmettre les informations ci-dessus aux Ministères / départements Tunisiens concernés afin de désigner des candidats qualifiés pour le programme de formation susmentionné.

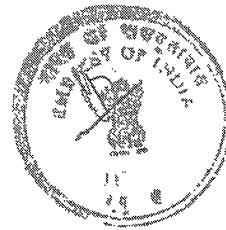

L'Ambassade de l'Inde à Tunis saisit cette occasion pour renouveler au Ministère des Affaires Etrangères, de la Migration et Des Tunisiens à l'Etranger du Gouvernement de la République Tunisienne les assurances de sa très haute considération.

Accommodation	Type: Hostel	Distance from Campus		Within campus/
Airport (nearest)	Location:	RGIA, Shamshabad	Distance from campus/accommodation	15 kms
Batch Size	Minimum Participation =25			Maximum participation =30
Study tour	City	Places		No. of days

Rationale and justification for the ITEC program at MANAGE, Hyderabad: The global agricultural landscape is transforming rapidly due to climate change, digitalization, market dynamics, and sustainability imperatives. This evolution demands a new generation of extension professionals equipped with advanced competencies to address complex challenges. Traditional extension approaches are increasingly insufficient to meet these demands, creating a critical need for professionals who can navigate digital technologies, understand global markets, and communicate effectively across cultures. The current skill gaps in extension services, particularly in areas like digital literacy, market orientation, and cross-cultural communication, significantly impact agricultural development and farmer prosperity.

International collaboration through this program offers a unique opportunity to bridge these gaps by facilitating knowledge exchange, sharing best practices, and building

global networks. By bringing together diverse perspectives from different agricultural contexts, the program aims to develop extension professionals capable of delivering innovative, market-oriented, and culturally sensitive solutions. This international initiative will enhance professional capabilities, strengthen global networks, and ultimately improve agricultural productivity and farmer livelihoods across participating nations. The program's focus on new-generation competencies ensures that extension professionals are well-prepared to meet current and future agricultural challenges while promoting sustainable development in the sector.

Aims and Learning Objectives of the program

- To orient participants globally on the emerging areas in extension research, practice, and policy.
- To explore career opportunities in global agricultural development
- To establish international research priorities and collaborative opportunities
- To develop cross-cultural communication skills for effective extension services

Tentative Programme Schedule

Day - 1	
9.30 am – 10:30	Registration
10.30 am 11:15	Inauguration of the Program
11.15 am	Tea Break
11.30 am	Interactive Session with participants
	Entry level test - Understanding the background and experience of the participants
	Introduction to the program & overview of learning objectives of the program
01.00 pm	Lunch
02.00 pm	Importance of Agricultural Extension and Current Issues and Challenges
03.30 pm	Tea Break
03.45 pm	Journey of MANAGE and extension activities
05:15 pm	Close
Day - 2
